GENERAL DETAILS:

The vessel was built as a Navy Supply vessel for Sub Marines and MTB Motor Torpedo Boats, in 1978.

Built after DNV rules applicable for ice class C type vessels. She has been used as a School ship for the Norwegian Navy for many years, and has also been used for The Norwegian Royal Family when KS Norge was undergoing repairs after a fire. She has also been used as a reserve vessel and following boat for The Norwegian Royal Family. The vessel is in a beautiful condition and has been very well maintained. There is a possibility for the new owner to be trained before the official take over. New spare parts for around 2.5 millions Euro. The ship is now released for commercial sale and can be sold to the civilian market.

Just finished dry docking at Navy ship yard hence in top condition!

Try offers in region of \$7.5 mil.

Location: Northern Continent
